

Job Title: Carpenter

Please submit resumés to: tarcottjobs@gmail.com

The Tarcott Group is a leading residential and commercial management construction company, located in the Fraser Valley. We are looking to add experienced additions to our Carpentry team. We handle all types of construction services for strata including an assortment of work from building envelope projects, water restoration and deck replacements – just to name a few.

We seek candidates that are interested in joining our company with the goal of future individual growth as the company itself, continues to rapidly evolve and grow.

Please Note: Serious, professional and local candidates only. You must be authorized to work in Canada.

WHY work with us?

- Full time work, year round (including snow season)
- Very comfortable Vancouver living wages
- We foster a safe, inclusive working environment
- Company uniform included
- Benefits, including life insurance
- 2 weeks paid vacation

What we do:

- Targeted building envelope repairs/projects
- Vinyl decking and waterproof coatings
- Commercial and residential maintenance and repairs
- Structural & superficial rot repairs
- Specialty contracting projects
- Flashing and sealant repair & replacements
- Always maintain a clean & safe job site

What we're looking for from you?

- Experienced carpenter with 4+ years experience in carpentry trades
- Strong knowledge of carpentry techniques and best practices
- Proficient in blueprint reading and interpreting construction drawings
- Experience in various carpentry tasks such as flooring installation, cabinet installation, roofing, masonry, tile laying,
- Proficient operating skills of all tools & equipment used in construction
- Excellent problem-solving skills and attention to detail
- Ability to work independently as well as in a team environment
- Strong communication and leadership skills

Responsibilities

- Perform carpentry tasks including flooring installation and tile laying to ensure high-quality finishes.
- Utilize hand and power tools for construction projects, adhering to safety standards.
- Read and interpret blueprints and schematics to guide construction processes.
- Lead and communicate effectively with team members to ensure project timelines are met.
- Conduct routine maintenance and restoration of structures as needed.
